Subject: EPA Comments on Midas SWWC PA

Attachments: [EPA Comments_Midas SWWC PA_StibniteGoldProject_CommentForm.docx](#)

Hello, I've uploaded the word doc to Midas's folder with our comments in track changes (file too large to attach). In addition, I'm attaching the comment table protocol with general/global comments. I have also uploaded this to Midas's folder. In total, there are 2 documents with comments from EPA.

Please let me know if you have any questions. We look forward to discussing our comments and/or the response to comments.

Thanks,
Lynne
